

## Data Manager (m/f/d) in Stuttgart or Berlin, full or part time

### The best prospects for you at yourdata!

Are you motivated, do you think for yourself and are you ready to get involved and support us and our customers? Then we might have just what you are looking for:

- A permanent employment contract and a fixed salary
- Further education and training, attractive career opportunities and flexible working hours
- Flat hierarchies, direct exchange and short communication channels
- Travel allowances/reimbursements, provision of e-bikes, contributions to the company pension scheme, great fitness offers and a clear focus on work-life balance
- All this in the heart of Stuttgart or Berlin

### Does that sound good?

Then hopefully this will soon be your new workplace: We at yourdata integrate, check, cleanse, deduplicate and select our customers' data. We are looking for reinforcement for the reliable recording, administration and billing of our customer orders.

### These are the tasks:

- Conception, planning and implementation of projects with customer data.
- Data analysis and data mapping
- Modelling and creation of data supply processes with databases (Postgres, Oracle, possibly others), ETL tools (e.g. Pentaho Data Integration) and data quality tools
- Customer communication and coordination in projects
- Project management, internal and external communication
- Creating reports (e.g. with Jasperreports)
- Quality assurance and testing
- Participation in the optimisation of tools and methods in the projects

### What you bring with you:

- Completed studies or training in the field of computer science
- Extensive knowledge of data modelling and relational databases
- Very good knowledge of the conception of data management processes (ETL or similar)
- Very good knowledge of BI and reporting tools
- Good knowledge of Linux (Command Line) and project management
- Good knowledge of the German and English language, both written and spoken

You work independently, carefully and with foresight? Are you a team player, do you have a good sense of scale and are you able to appear confident in front of customers?

Then we look forward to getting to know you. Please send your application to:
