yourdata

Software Developer Java (m/f/d) in Stuttgart

The best prospects for you at yourdata!

Are you motivated, do you think for yourself and are you ready to get involved and support us and our customers? Then we might have just what you are looking for:

- A permanent employment contract and a fixed salary
- Further education and training, attractive career opportunities and flexible working hours
- Flat hierarchies, direct exchange and short communication channels
- Travel allowances/reimbursements, provision of e-bikes, contributions to the company pension scheme, great fitness offers
- great fitness offers and a clear focus on work-life-balance.
- All this in the heart of Stuttgart

Does that sound good?

Then hopefully this will soon be your new workplace: We at yourdata integrate, check, cleanse, deduplicate and select our customers' data. In doing so, we need support.

These are the tasks:

- Develop Java software in a team (Scrum, Agile approach).
- Participation in different areas: Frontend/GUI, web services, backend, data integration or PDF generation
- Supporting the Scrum team in planning and effort estimation
- Tests and their automation
- Framework processes of software development (build, deployment)

What you bring with you:

- Studies or training in the field of computer science
- Sound knowledge of Java
- Experience in software development in a team
- Basic knowledge of relational databases and SQL
- Knowledge of tools such as Eclipse
- Good knowledge of the German and English languages, both written and spoken

Do you work independently, carefully and with foresight?

Then we look forward to getting to know you. Please send your application to:

bewerbung@yourdata.de or yourdata GmbH, Büchsenstr. 28, 70174 Stuttgart, Germany.

Your contact person is Melanie Bernecker, phone +49 711 490 448 20.
