

System Administrator (m/f/d) in Stuttgart

The best prospects for you at yourdata!

Are you motivated, do you think for yourself and are you ready to get involved and support us and our customers? Then we might have just what you are looking for:

- A permanent employment contract and a fixed salary
- Further education and training, attractive career opportunities and flexible working hours
- Flat hierarchies, direct exchange and short communication channels
- Travel allowances/reimbursements, provision of e-bikes, subsidies for company pension scheme, great fitness offers and a clear focus on work-life balance
- All this in the heart of Stuttgart

Does that sound good?

Then hopefully this will soon be your new workplace: We at yourdata integrate, check, cleanse, deduplicate and select our customers' data. In doing so, we need support in managing our own systems and our customer systems.

These are the tasks:

- Set up and monitor our server infrastructure "on premise" or in the cloud.
- Regular processes in IT operations (data supply processes, data extractions, backup, ...)
- Maintaining and monitoring the IT security infrastructure (firewall, virus scanner, ...)
- Set up and update PC workstations
- Support quality assurance of IT operations processes
- Documenting the infrastructure and IT processes
- Contribute to the expansion of the IT and server infrastructure

What you bring with you:

- Completed training or extensive professional experience in the IT sector
- Good knowledge of Unix and relational databases
- You can set up and operate PC workstations and IT infrastructure in data centres
- Good knowledge of the German and English languages, both written and spoken

You work independently, carefully and with foresight? Are you a team player, do you have a good sense of scale and are you able to appear confident in front of customers?

Then we look forward to getting to know you. Please send your application to:
